EDUCATION

DEPARTMENT OF MATHEMATICS & APPLIED MATHEMATICS UNIVERSITY OF CRETE

B.Sc. Student in Applied Mathematics

SUMMARY

Frontend developer passionate for creative User Experience development and continuous education. Strong technical background with a Bachelor's degree from Department of Applied Mathematics of University of Crete specialized in Computer Science. Because of the interaction of applied mathematics with other sciences, she believes that the key for communication is the common understanding of basic principles across the departments. She doesn't afraid of new challenging tasks, she has coordinating skills, the ability to work under pressure, innovative ideas and appreciates to work as a member of a team because an organized team can accomplish challenging milestones if each individual makes good use of its skills and strengths.
